Rule By Minorities

The International Association of
City Managers has made public figures
to show that, if election history re-
peats itself this spring as it was last
year, two-fifths of the voters will elect
the public officials. Figures show that
only 41 percent of the franchised
citizens of the country vote in elec-
tions.

The percentage of those voting is
greater in smaller communities than
in the large cities. The vote in Jack-
sonville in the primary was fairly
large about 6,000, but it did not show
the choice of nearly all the qualified
voters. Even if 60 percent of the
citizens cast their ballots, it might
easily occur that a minority of the
total number of legal voters would
elect officials.

Tuesday, April 16th will be municipal
election day for Jacksonville. It is
hoped every citizen who has the right
to vote will exercise that right and cast
his ballot. If he does so, city officials
will be elected by actual majorities,
which is as it should be.

In a democracy majority is supposed
to rule, and when it does not the fault
lies with the voters themselves, who
have stayed away from the polls and
neglected their privilege. To have
only 41 percent of the voters casting
ballots through this nation is an in-
dignity of democratic government.
Should the voting minority organize
itself it could have any kind of gov-
ernment it wanted and throw democ-
racy into the discard.

Opportunity Knocks

When Mrs. Mabel Litzelman of
Olney won \$142,000 in the Irish sweep-
stakes, she suddenly found that op-
portunity knocks at the door of the
wealthy. All sorts of demands were
made upon her for money and she was
offered many chances to invest.

Here are a few:
Chance to donate \$200 to a "lady who
doesn't like her neighbors and wants
to move."

Chance to present an automobile to
a preacher.

Chance to buy a Kansas farm from
which the topsoil has been blown
away.

Chance to "hire a man to keep on
living"—otherwise he'll commit sui-
cide.

Chance to finance 417 inventors.

Chance to pay off—thirty-eight
mortgages.

And, oh yes, a chance to invest in
Wall street.

But Mrs. Litzelman, it is hoped, will
save her money. It is easy enough to
throw away cash, but much harder to
get it. After she has paid the govern-
ment income tax, she will find she has
made the largest investment she can
make if she wants to have money left
to enjoy for herself and family.

Now that Congress has authorized
the expenditure of another five bil-
lions, the government is also finding
many opportunities for spending. One
citizen has suggested a roof be built
over the entire United States, and
that the country be watered thru
sprinkler systems hooked up to each
ocean. That would solve the drought
problem. It remains only for the in-
ventor of this plan to tell us how he
would supply 125,000,000 people with
fresh air.

Cheap Planes

Russia is producing cheap airplanes
on a large scale. They are two-seat-
ers, powered by light automobile en-
gines. There is room for two flyers
or one flyer and a bomb. It may be
that Russia will do with the airplane
what the United States did with the
automobile. That should make Ameri-
cans think.

One reason for the failure of general
flying lies in the inconvenience of
landing and taking off. Airports must
be located outside cities and private
planes must be kept there. They can-
not be kept in hangars at home. They
cannot be lifted from the back yard
or the garage driveway.

Perhaps some day ways will be

found to start the planes from the
roofs of residences. That will mean
the end of gabled houses and the
fashion of flat roofs will be upon us.
Needless to say, when Americans
make up their minds to fly, they will
fly, Russian plans to the contrary
notwithstanding.

The Star Is Gone

The star Nova Herculis, which
blazed up in the heavens last No-
vember, is now gone, being once more
invisible to the unaided eye. Astron-
omers believe the star grew brighter
when a gas envelope about it expanded
at a terrific rate of speed. They also
believe that the terrestrial upheaval
was the signal for the beginning of
creation of new planets to revolve
about the expanding star. This begin-
ning may have taken place some hun-
dreds of years ago, depending on the
time it took the light of the pheno-
menon to reach the earth.

The scientists tell us that if the sun
should start expanding to form new
planets, its increasing brightness would
fail to interest us. We would be de-
stroyed by the increased heat long
before we could witness any new
creation of planets.

Army Day

Saturday was Army Day in the
United States, the 18th anniversary
of our entrance into the world war.
At all army posts soldiers marched in
review and the citizenry had an op-
portunity to inspect our military
equipment. In Washington 50,000
soldiers and members of patriotic or-
ganizations marched in a giant
parade down Constitution avenue.

The celebration was not regarded
as a glorification of war, but it is un-
fortunate that our government offi-
cials had to make this statement for
fear of being criticised on account of
a military display. We have veered
so far to the pacifist viewpoint that
we can't put American troops on
parade without making an explana-
tion.

The celebration was entirely right
and proper. It called attention of the
people to the army and its needs.
Some 40,000 young men are soon to
be added to the army on account of
raising the enlisted strength to 165,000
and it is well that our youth get some
firsthand knowledge of what it means
to take military training and serve
the country in the army.

Every school child in Paris finds
pasted in his textbooks instructions
as to what to do in case of an air
raid. Should that be done here,
pacifism would rise on its hind legs
and howl to high heaven. Yet the
next war will be fought in the air.
We will try hard to keep out, but if
we get in, our people should know
what to do.

Army Day is a very mild substitute
for instructions on defense in text-
books, but it is something worth while
from a national defense standpoint.

So They Say

I think it is the effort of a person
who feels superior to make someone
else feel inferior. First, though, you
have to find someone who can be
made to feel inferior.

—Mrs. Franklin D. Roosevelt, defining
a "snub."

You should be grateful to the po-
liceman who arrested you, as should
all drunken drivers. The officer most
likely saved your life.

—Judge Raymond MacNeille of Phila-
delphia.

During the depression, the female of
the species has proved herself more
versatile than the male, if not more
deadly, by digging up jobs—unheard-
of jobs—when the standard ones were
not to be had.

—Mrs. Loire Brophy, New York busi-
ness woman.

We were dishonored for 13 years
through false leadership, but such a
Germany shall never come back.

—Adolf Hitler.

I have no aspirations in the di-
rection you mention, but I intend to
take a shot at what is going on when
I think the right moments have ar-
rived.

—Herbert Hoover, replying to letter
suggesting his candidacy in 1936.

**One-Man Rule Banned for
Good in NRA . . . Roosevelt
"Suggests" That Biddle
Hush . . . Wheeler Finds
Out the Why of the Big
Utility Protest . . . Women
Rise and Smite Lobby's
Rider.**

By RODNEY DUTCHER
Journal-Courier Washington
Correspondent
Washington—You won't find any-

thing about it in the administration's
new NRA bill, but there'll be no re-
turn to one-man rule in the NRA of
the future.

Unless the Senate make an amend-
ment, the form of administration will
be left to Roosevelt.
The president and Donald Richberg
have discussed the question frequently.
They agreed that a gent like Gen-
eral Johnson could get things done a
lot faster than a board like the
present NRB.

But they also agreed that no sane,
high-grade man would ever take such
a job again and that, even if he did,
the thousands of inevitable pressures
on him would soon knock him off
balance.

The chairman of a board can always
pass the buck to the full board when
a few billion dollars' worth of indus-
try lands on his neck. That's why the
revised NRA will be governed by a
board—though the supreme NRA

power will continue to rest with
Roosevelt.

A "Hint" to Biddle
Roosevelt, writing not long ago
to Chairman Francis Biddle of the
National Labor Relations Board
about an investigation he wanted
made, suggested:

"Let's not have any publicity on
this. It occurs to me that you and
I have been getting our names in
the newspapers too often lately."
Somehow or other, Biddle's name
hasn't been so prominent since.
But one still seems to read about
Roosevelt occasionally.

Why of the Big "Protest"
Chairman Burt Wheeler of the Sen-
ate Interstate Commerce Committee
was startled the day he received more
than 3,000 letters, nearly all protest-

ing against the Wheeler-Rayburn
holding company bill. Then his clerks
began to find among them letters such
as the following from Harrisburg, Pa.:
"Dear Sir: Please find enclosed
printed matter which is given to all
employees of the Pennsylvania Power
& Light Co.; also a card which they
are asked to have signed by four
voters."

"They are also asking all em-
ployees to write a letter to each
senator and representative on the
committees on interstate com-
merce. This is a total of 50 letters
each man must write."

"Then he must bring them all to
the Pennsylvania Power & Light Co.
office to be checked. These men re-
sent this very much, but they know
they had better do as asked or their
jobs will be in danger. I mention this
to you so that when you get a flood
of letters you will know how and why
you received them. . . ."

Kaiser'll Stay Put

Hitler is trying to get the ex-Kaiser
back on German soil, according to
confidential advices from a German
source usually reliable which arrived
here during the peak of the war scare.
According to this story:

Wilhelm is virtually broke, unable
to collect revenue from his estates
back home because of Reich cur-
rency restrictions, and heavily in-
debted to Amsterdam bankers. At-
tempts to have the currency re-
strictions relaxed and to borrow
from Sir Henri Deterding, British
oil magnate, failed.

Hard times caused members of the
small court to intrigue and propaga-
dis abroad toward a royalist restora-
tion—an idea which appeals to at
least one strong element in Germany.
Hitler's secret police—the Gestapo—
decided it would be safer to have the
ex-Kaiser at home, where he could be
watched.

But the ex-Kaiser wants to stay
where he is—and have his income
bootlegged out to him, if possible.

Women Show Power

Female wrath wrecked the lobbyist-
inspired rider to the agriculture ap-
propriation bill which threatened to
prevent the Bureau of Home Econo-
mics from tipping off the citizenry to
healthy diets.

The House passed the rider at be-
hest of a lobbyist for flour millers who
had persuaded wheat state congress-
men that reduced consumption of
wheat had been urged.

Evidence indicated the effect of the
diets attacked would really be to in-
crease wheat consumption, but had
been used to build up the lobby.

Women's organizations protested
so furiously that the big millers
themselves—remembering that
women are their customers—rush-
ed word here that the rider must
be killed.

The American Association of Uni-
versity women, American Diet Asso-
ciation, American Home Economics
Association, National Congress of
Parents and Teachers, National
League of Women Voters and Na-
tional Woman's Trade Union League
led the fight.

To the Editor of the
Journal and Courier:
Beverly Hills, Calif.—Well, the re-
lief bill is all passed now. All we got to
do is just sit back and see who it re-
lieves. I hope the real needy get at
least their ten per cent out of it any-
how. We have ways and means of
gathering any sort of information,
how much money you earned to a
nickel, how many rabbits were born in
the Dakotas, how much rain fell be-
tween here and Honolulu, but we just
can't seem to get even a fairly reliable
count of who really needs help and
who don't. What would be the matter
with taking all our guys who do noth-
ing but gather useless statistics and
put 'em on this relief work.

Memorial Service Largely Attended By Traveling Men

Commercial Travelers and
Families Hear Sermon
by Dr. M.L. Pontius

Traveling men and their families were guests at the service in the Central Christian church Sunday morning. The service was under the direction of the United Commercial Travelers of America who had invited other traveling men to accompany them to this service.

Following the program of music by Mrs. Eloise Plouer and Miss Alice Mathis the Memorial service was held in honor and memory of deceased members of the U.C.T. Association. The service was well attended and the spirit of devotion and worship prevailed.

Dr. Pontius welcomed the guests and then presented the three words which characterize the United Commercial Travelers organization which came into existence in 1888. These words are: Unity, Charity, Temperance. After defining each term he presented the service of memorial using the general theme, This Do in Remembrance of Me.

He indicated that the most desirable memorial is not made of marble or granite or bronze but it is a combination of friendship and love which prompts men to assemble each year in a service that commemorates the lives of those who have passed on into the spirit realm.

Excerpts in his message follow:
"Unity is needed as much today as in 1888. We lack unity in our organizations and in our societal relationships. Much of our present day difficulty is due to a lack of unity. The men who called this organization into existence were wise in selecting that word which expressed the desire to bring traveling men into a new fellowship and friendship and prompt them to a program of mutual interest."

"Charity is not almsgiving; it is the spirit in which a benefaction is presented. This organization in the spirit of charity cares for the widows and orphans of deceased members."

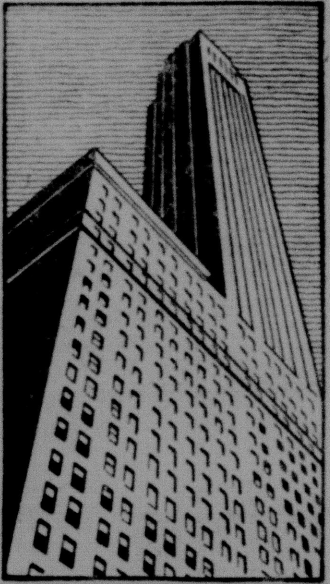

"Temperance. In 1888 the word temperance was unpopular. Those responsible for this organization desired that traveling men should represent temperance and sobriety. In that day many a traveling man believed that intoxicating liquor was the essential medium through which he could successfully approach a customer. The organization stands for every form of temperance: temperance in eating, drinking, working, playing; temperance in all things. The organization has continued through the years held together by the spirit of Unity, Charity and Temperance."

The motor car is a good customer of everybody..

"I foresee the time when industry shall no longer denude the forests which require generations to mature, nor use up the mines which were ages in making, but shall draw its raw material largely from the annual produce of the fields... I am convinced that we shall be able to get out of yearly crops most of the basic materials which we now get from forest and mine."

Henry Ford

THE map above tells only part of the story—the little-known story of the inter-relation of the Ford V-8 car and the farm.

The figures in the map are based on what will be used this year if the Ford Motor Company reaches its intended production of 1,000,000 cars and trucks.

The rest of the story involves farm products which are not being produced in large enough quantities in this country to meet Ford demands—and so must come from abroad. It involves the long story of the processing given these raw materials by suppliers in all parts of the country before they reach Ford factories. And it involves continuous chemical experimentation, in the Ford Laboratory at Dearborn, on hundreds of farm products. There these materials are broken down, treated—new ones built and compared with the old.

This part of Ford research which has produced many innovations in the past, is an endless story, because each completed discovery suggests another... But Ford has already gone far enough to prove that Industry can be a good customer of the farmer and the motor car a good customer of everybody.

And that, Ford considers, is only a beginning.

WOOL goes into upholstery, floor-coverings, lubricants and anti-rust preparations.

LEATHER goes into upholstery—and in addition, glues are made from cow hide, and from cow's milk... Other parts of cattle, through other processes, yield stearic acid, greases, glycerine (for shock absorbers and body enamel) and soap chips (used in washing machined parts and bodies before painting).

HOGS furnish lard oil, oleic acid and brush bristles.

GOAT'S HAIR (Mohair) goes into upholstery.

BEESWAX goes into electrical imbedding compounds.

COTTON goes into tires, batting, cloth, battery box, timing gears, brake linings and, not least important, into Safety Glass. (Every Ford V-8 car built this year will have Safety Glass in every window, at no extra cost to the car buyer... Cotton, in the form of cellulose acetate, is the central part between the two sheets of glass that make up every finished sheet of Safety Glass.)

CORN yields butyl alcohol (for enamel finishes and other purposes) and starch (for stiffening cotton linings.)

LINSEED OIL is the basis for paint—is used in foundry cores—and is one of the ingredients of the beautiful, synthetic baked-enamel finish on a Ford V-8.

SUGAR CANE yields molasses for solvents, anti-freeze and shock absorber fluids.

CASTOR OIL goes into lacquers and artificial leather suitable for rumble seats, where real leather would be damaged by exposure to the weather.

TUNG OIL is part of the top material used in Ford cars and is also used in brake linings.

TURPENTINE is used in paints, adhesives and solvents.

SOY BEANS are used in making cores for metal castings in our foundry and are also an important part of the baked enamel finish of a Ford V-8 and of the plastic knobs and buttons in the car's interior.

LUMBER is used for packing purposes. It is not used for any structural part of the Ford car, which has a welded, all-steel body, reinforced with steel, for maximum safety.

"UNREALITY" TOPIC OF LESSON-SERMON

"Unreality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday.

The Golden Text was, "Judge not according to the appearance, but judge righteous judgment" (John 7:24).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "They that trust in the Lord shall be as Mount Zion, which cannot be removed, but abideth for ever. As the mountains are round about Jerusalem, so the Lord is round about his people from henceforth even for ever" (Psalms 125: 1, 2).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we come to have more faith in the truth of being than we have in error, more faith in Spirit than in matter, more faith in living than in dying, more faith in God than in man, then no material suppositions can prevent us from healing the sick and destroying error" (p. 368).

Lynnville callers in the city yesterday included Fred Schofield.

Snow Storm Causes Traffic Accidents

Truck Stalls on Curve and Car Hits It; Big Bus Escapes Collision

Several collisions occurred during the snow storm Sunday morning, with the Point church curve west of the city as the focal point. A large Monarch truck out of Kansas City went off the slab and got stuck in the ditch, with the rear end of the machine extending over the pavement.

Cars approaching the curve were endangered as drivers could not see the protruding truck on account of the blinding snow which clung to windshields. Two or three machines crashed into the truck and were badly damaged, but no one was hurt.

The greatest danger from the stalled truck was to a Greyhound bus, which approached the curve at a good rate of speed. Fortunately the driver saw the truck in time and applied the brakes. The huge bus missed the truck as it swung around the curve, but its rear end went off the slab. However, there was no damage and the bus proceeded on its way.

25 Persons Killed In Philippine Storm

Tornado Drives Many Persons from Homes on Island

Manila, P. I.—(P)—Belated reports reaching here today said Saturday's typhoon killed 25 persons in the town of Borongan on the east coast of the Province of Samar.

Virtually all the buildings in the town were destroyed, the reports added, and it was feared the death toll would be increased as later accounts arrived.

Dispatches from Catbalogan, capital of Samar, yesterday, said four persons were killed, many injured, and several hundred rendered homeless by the storm on the island of Samar. Authorities estimate damage in Catbalogan at several hundred thousand dollars.

Protests Tax

Springfield, Ill.—(P)—Joe G. Brinocar, state secretary of the Socialist party, today wrote to Governor Horner in protesting against plans to increase the sales tax to three per cent. He said the Socialist party will circulate petitions denouncing the sales tax and that 150,000 persons might be asked to come to Springfield in a mass protest.

The Wednesday session will open at 12:50 with music: Orchestra, Peoria schools; Mrs. Arthur Bradley, president, presiding; 2:30 an address will be given by Mrs. B. F. Langworthy, president, National Congress of Parents and Teachers, subject, "New Horizons."

Affirm Life Term of Mississippi Doctor

Dr. Sara Ruth Dean Loses Plea to State's Court

Jackson, Miss.—(P)—The Mississippi Supreme Court today affirmed the life sentence of Dr. Sara Ruth Dean, Greenwood child specialist, for the alleged poison slaying of her one time clinical associate, Dr. John P. Kennedy.

The Supreme Court split three to three in a tie vote which meant affirmation. Dr. Dean was ordered Saturday by the court to be taken into custody by the sheriff in Leflore Co. while the court acted. She has been free under bond of \$10,000 since before her trial early in 1934 and several months ago resumed her practice of medicine in Greenwood.

"Now I know why the MAYTAG tub is made of" CAST-ALUMINUM

FOR CITY OR FARM HOMES

- No Maytag owner fully appreciates the many advantages of the cast-aluminum tub until after she has used it. Not only does this remarkable tub provide lifetime service, but it is specially designed for the most effective washing action.
- There is an important reason for its square shape. The corners of the tub break up the water action into hundreds of cross currents, penetrating every fibre of the clothes. The thick, cast-aluminum tub and the handy, hinged lid keep the water hot for an entire washing. This tub is but one of many advantages that only a Maytag gives you.

Prices are now Remarkably Low. Easy deferred payments arranged.

Greene County Man Expires at Hospital

Remains of Elmer Suttles Taken to White Hall; Other News Notes

White Hall.—Elmer Suttles, aged 71 years died at Our Saviour's hospital in Jacksonville, Saturday night at 11 o'clock, where he had been a patient for nine days. Mr. Suttles was born in Walkerville, May 12, 1863. His parents were David and Susan Meyers Suttles. He lived in Walkerville township all his life.

He is survived by one sister, Mrs. Minnie Johnstone of Greenfield, three nephews, and one niece. They are Elmer Suttles of Walkerville; George Suttles of Alton; Fred Gleason of Walkerville, and Mrs. Rosa Lister of White Hall.

The body will be at the Mackey Funeral Home until the hour of the funeral which will be held at the Walkerville Baptist church conducted by Elder John Alexander of Hillview. Burial will be in the Walkerville cemetery.

Orchardist 74 Years Old
W. H. Helm, orchardist, who lives east of White Hall was 74 years old Sunday and his family planned a surprise dinner for him. On account of the heavy rain and snow storm, which made the roads slippery, not all those invited were able to attend. However, there was a goodly number to enjoy the day with him and they included Mrs. John Faw and Mr. and Mrs. A. B. Lewis and son, Harold.

Spring Blooms Get Taste of Winter as Snow Blankets City

Heavy, Wet Flakes Cluster About Blossoms; Local Citizens Shovel

The weatherman opened a surprise package for Jacksonville residents Sunday morning and distributed a heavy snow over the landscape. The snow began falling shortly after daylight and followed a hard rain, mingled with sleet and hail. About four inches of snow fell Sunday.

The snow on the ground offered a striking contrast to trees and shrubs in bloom in many places. The heavy flakes even clustered on the blossoms and made the scene all the more unusual.

The warm days in March brought out many early blooming flowers, shrubs and trees. The snow in April caught the early arrivals off guard and gave them a taste of real winter. But the flakes were soft, wet and clinging, and much of the snow melted as it fell.

Forgetting their longing for spring many citizens hunted out their snow shovels Sunday and provided themselves with an appetite for Sunday dinner. The snow covered the walks to a depth of several inches, but was not hard to move. As it melted deep slush came in its place, making walking difficult and uncomfortable. Wet feet and soggy shoes may prove sources of fresh spring colds.

While the snow gave spring a setback, it is welcome to farmers. It has provided moisture for the fields which will not run off rapidly, but will soak in as the snow melts.

Jerseyville School Play Cast Honored

"The Bank Account" Picked as Among Three Best Plays at Macomb

Jerseyville.—Representatives of the Black Mask Dramatic club of the Jersey Township High school were successful in the presentation of their play in the western Illinois district play contest staged Friday at the Western Illinois State Teachers' College at Macomb.

The local dramatic teams presented the play, "The Bank Account," in competition with other schools and was one of three teams to be selected for competition in the state play contest at Normal the first of May.

The cast for the Jersey High school team was composed of Virginia LeFaivre, Melba Koehner and Paul Thatcher.

The critic judge was Harold F. Schery, director of speech at Western Illinois State Teachers' College. In his report on the contest at the conclusion of the event Schery commented highly on the dramatic ability displayed by the Jerseyville team. The bill presented was one not calling for costuming and was dependent entirely on the dramatic ability of the participants.

Miss LeFaivre was rated as the best in the contest for individual dramatic ability and Paul Thatcher for his portrayal of character part on an old man.

Funeral services for Anna Mildred Peters, 9-year-old granddaughter of Martin Gibbons of Jerseyville, were held from St. Stephens church in St. Louis Saturday morning, April 6, at 9:30 o'clock.

The little girl died at the Children's hospital in St. Louis Thursday morning. She had been in ill health for some time and about a month ago submitted to an operation from which she failed to recover.

Surviving the child are her parents, Mr. and Mrs. Anthony Peters; a sister, Mary Lou, and two brothers, Robert and Donald, all of St. Louis.

BURGLAR GETS \$4.80 FROM FLEXNER STORE
When David Flexner went to his store on the south side of the square about 8:30 o'clock Sunday morning, he discovered that the place had been burglarized. A thief or thieves who broke a rear window escaped after helping themselves to \$4.80 which was in the cash register.
Mr. Flexner notified police, and started a check of his stock to see if anything was missing. He reported Monday morning that nothing was taken except the money.
The store was robbed several months ago at the same time Wadell's was entered by burglars.

Sarazen Snatches Lead Early In Play-Off To Win Tournament

Squire Charlie Harvey May Have Solution For Muddled Heavyweight Boxing Mixup

By Bob Cavagnare,
Associated Press Sports Writer.

New York, April 8.—(P)—The heavy-weight boxing championship spotlight, which recently has been turned indiscriminately on all and sundry of the "fistic" fraternity, belonged to "Squire" Charlie Harvey today.

Harvey, manager of Steve Harnas, was a passenger on an incoming ocean liner due tomorrow, and hidden somewhere in his expansive handle bar mustache may be at least a partial solution for the muddled title situation involving Champion Max Baer, Max Schmeling and James J. Braddock.

He is expected to shed some light on the \$300,000 offer Walter Rotherberg, German promoter, has made to Baer for a fight with Schmeling either in London or Rome, and possibly bring a check for some of that amount.

Baer's reticence to make a decision on this and another foreign offer made by Armand Vincent, representing a British syndicate, has thrown a monkey-wrench in the plans of Madison Square Garden, which has

Baer under contract for a title bout here in June.

"If he would only make up his mind, either to fight Schmeling abroad or not," said James J. Johnston, the Garden's matchmaker, "then we'd make our plans accordingly. If Baer doesn't intend to fight in Europe, and says so, then we still have a chance of inducing Schmeling to come to this country and fight Braddock."

This indecision on the part of Baer and his manager, Ancil Hoffman, is keeping everything in the air, but you can bet I'll pull out match out of the air April 15."

Johnston declined to hint at his plans, but the belief gained support that the Garden has virtually given up hopes of bringing Schmeling over for a bout with Braddock.

On top of that there were published reports that Schmeling had definitely "broken off" from his manager, Joe Jacobs. Legally, Schmeling is bound by contract to Jacobs until next Dec. 3, but the German heavyweight is unwilling to fight in this country because part of his earnings will go to Jacobs, the federal government and New York state in taxes.

Barney Ross Risks Title in Seattle

Joe Louis Also Scheduled to Fight This Week as Pick-up Begins

New York.—(P)—Business picks up sharply in the fight industry this week with one champion risking his title, another fighting a leading challenger in an overweight match, and young Joe Louis, Detroit negro heavyweight contender, seeking to add one more victory to an undefeated record.

Barney Ross of Chicago, world's lightweight and junior welterweight champion, risks the lesser of these two crowns against Henry Woods, Yakima, Wash., negro, in a 12-round bout at Seattle tomorrow.

At San Francisco Friday, Bob Olin of New York, world's light heavyweight champion, tackles John Henry Lewis, Phoenix, Ariz., negro, in a non-title ten-rounder.

Louis, matched to fight Primo Carnera here in June in his first major test, will try to sharpen up his punching weapons at the expense of Roy Lazer, rising young New Jersey star, at Chicago Friday. This bout also is slated for ten rounds.

ORAPRIEST AND KEN CUMMINS WIN BASKETBALL

Winchester Selects Rangy Captain For Second Honor Of Year

Ora Priest, Winchester high center and captain, and Kenneth Cummins, Greenfield high center and captain, have been picked to wear the Jacksonville Journal-Courier's gold basketballs for this year by their teammates. The awards will be mailed to the players within the next day or two.

For Priest, it is the second time this year he has been selected by his team-mates to wear the most valuable player trophy. He was selected as the most valuable player to his team in football, and now his team-mates have repeated by picking him for basketball. No trophies are offered in track, but there is a strong possibility he could qualify there, also, for he is a weight tosser and hurdler.

Whether his team-mates looked up his record, or whether they knew Priest had the honor all sewed up, is not known. However, Priest's scoring record for the year shows 89 field goals, 67 free throws, 52 free throws missed, and 71 personal fouls, giving him a total of 245 points for the season. Priest, easily the largest boy on the squad in both football and basketball, has been a member of Winchester teams for the past three years. He will graduate this spring, and it's needless to say that he is going to leave big gaps which Coach Andrew Chapman has little hope of filling right away. Priest is virtually the last of a string of large players to represent Winchester.

More centers were chosen to wear the valuable player trophy this year than players from any other position. It was no wonder that Greenfield selected its center, Kenneth Cummins, a smiling, determined red-head who never lost his temper and who kept a luckless team shooting along at a fast clip.

Cummins usually came up with a grin, regardless of how tough the games were against his team, and cheered his inexperienced mates after taking numerous blows on the chin.

Cummins also was one of the outstanding players on the football team, handling most of the punting.

This was Cummins' third year of basketball at forward and center positions. He was injured in the first game of the Greene county tournament and didn't get back into competition for a few weeks. His return made a noticeable difference in the attitude of the players. Cummins is a prospect for one of the Little 19 colleges.

Earl White of Chapin was a business visitor here yesterday.

MISS WETHERED RETIRED FROM COMPETITION A FOUR-TIME WINNER OF BRITISH WOMEN'S CHAMPIONSHIP, A TITLE NEVER CAPTURED BY AN AMERICAN PLAYER...

Illinois College baseball players didn't have much to say about their recent invasion of the University of Illinois ballfield. There are a few of the boys who believe they should have won at least one of the games, and all in all, they weren't so satisfied.

Probably just as well they are none pleased, because it may re-impress on some of them the need of paying a little closer attention to physical details, such as keeping in condition.

None of the boys have been flattered with their abuses of the training program, but then those little things mean a lot when the competition is tough.

Well, with Northwestern coming here this week and with the kind permission of the westernman, the Bluebirds will have another chance to taste Big Ten competition. All this talk about breaking training rules has to do with later hours than usual last week, a few more cigarettes and cigars, all because of spring vacation.

The squad didn't lose anytime getting back to work, either. They found a place where the snow had melted away, and had a lot of throwing and pepper practice.

Goldfom is still gasping over the double eagle. Gene Sarazen pulled it off his bag Sunday at the Masters tournament in Georgia. Starting a comeback, Sarazen got a long tee shot and then put his second shot into the cup, a duce on a long parve hole. Reports differ as to the hub he used—some say it was a poon, and others report it was a number four iron.

It's a little bit early to imagine that sort of shooting in these parts, but the local links have been getting a going over both at the park and Country Club.

Virtually all of the greens at the club have been prepared for their spring troubles, and most of the greens at the park are ready. Six new tees have been built at the park and the remainder will be finished this week.

Roth Named Captain Of Greenfield Five

Former Louisiana, Mo., Lad Will Head Cagers During Coming Season

Greenfield, April 8.—(P)—Albert Roth, a rugged six foot forward who came to Greenfield from Louisiana, Mo., this year, will captain the Greenfield high basketball team during the coming season, the members of the basketball squad have decided. Roth was elected captain of the team at a chili supper and card party given the players by Coach and Mrs. C. G. Hubbell recently.

Kenneth Cummins, captain this year, was selected the most valuable player to his team and will receive the Jacksonville Journal-Courier award.

Members of the squad present at the supper were Capt. Cummins and Wilhite, seniors, H. Cole, J. Scott, A. Roth, E. Cole, Charles Good, L. Meng, T. Weisner.

Chicago Bowlers Get K. of C. Prize Money

Club Holds Annual Tourney in Peoria; Indianan Wins in Singles

Peoria, Ill.—(P)—Chicago bowlers today had established rights to the lion's share of the 13th annual Knights of Columbus tournament prize money through two championships and numerous places among the leaders.

W. Kasperski and J. Jilik of Chicago won the doubles in the event which closed last night, with 1,246 H. Krebthka scored 1,901 to take first place in the all-events. The team title went to the Schneider Auditors No. 1 of Detroit, who had a 2,970 series, while R. Welch of Terre Haute, Ind., won the individual event with 684.

Chicagoans took two of three of the first four places in the five-man, the first three in the doubles, second place in the singles, and the first four positions in the all events.

BRAVES PREXY SEEKS SIGNATURES OF HOLD-OUTS; JOINS HIS TEAM

Washington—Emil Fuchs, Braves' prexy, joins his tribesmen today, and the consensus is that his appearance will result in Lee, Rhem, Thompson, Mowry and Mangum coming to terms. There is no change in the Jordan situation, however. Fuchs admits Buck is a valuable asset and is needed at first, but insists the club has gone as far as it can in the matter of an increase.

DODGERS WIN

Jacksonville, Fla., April 8.—(P)—Rallying in the late minutes, the Brooklyn Dodgers turned back the Buffalo Bisons in an exhibition game today, 6-5. Johnny Babich went the route for the Dodgers, allowing 11 hits, but finally emerged the victor by virtue of belated hitting support from his mates. Toronto (N.) 201 010 100-5 11 1 Brooklyn (N.) 010 020 21x-6 8 0 Hilcher, Grissom and Peacock; Babich and Lopez.

Only Two Records In Swim Carnival

Performances Give Coaches Hopes For Victory in Next Olympics

New York.—(P)—Paradoxical though it may seem, amateur athletic union officials today viewed as a good sign the fact that the 47th National Indoor Swimming Championships produced only two new world records.

"There are plenty of good records left in the book for the boys to shoot at," remarked Bob Kipphut, veteran Yale coach and referee of the championships which closed Saturday night.

"That leaves the present crop of swimmers free from pressure and bodes no good for Japan in the 1936 Olympics.

"I don't mean to imply that Japan will be a pushover for us next year, but the Nipponese will have a difficult time dominating the swimming events the way they did in 1932."

What Kipphut meant was that he and other Olympic officials are counting upon such stalwarts as Powderhouse Jack Medina of Seattle, who set the dizzy pace in swimming history to retain the 500-yard free style title in 5:16.3; 16-year-old Adolph Kiefer of Chicago, new world record-holder for the 150-yard backstroke in 1:36.1; and Peter Pick, New York A. C. star, who won the 100-yard crown in 52.6 seconds, to lead the attack on the Oriental stars.

Besides these, there are Charlie Flachmann of Chicago, Jim Gilhula of southern California, Ralph Flanagan of Miami, Johnny Macdonis of Yale, Danny Zehr of Northwestern and Albert Vande Weghe of Paterson, N. J., who pushed the victors to their spectacular feats.

CUBS BLANK YANKS

Chattanooga, Tenn., April 8.—(P)—Renewing a rivalry that left off with the 1932 world series, the Chicago Cubs today dealt the New York Yankees their first shut-out of the year, the National Leaguers winning 5 to 0 in an exhibition game in Engel stadium.

Bill Lee and Charley Root of the Cubs held the Yankees runless, and allowed seven hits.

Red Ruffing, who pitched the first six innings for New York, didn't allow the Cubs a hit or run.

Mows Down Craig Wood Easily With Great Display of Golf In Extra 36 Holes at Augusta

By Alan Gould
Associated Press Sports Editor

Augusta, Ga., April 8.—(P)—Gene Sarazen, Connecticut farmer and clinician of professional golf, mowed down Craig Wood today in a frost-bitten cold-blooded pay-off match for the top prize of \$1,500 in the Augusta national golf club's second annual invitation tournament.

The former British and American open champion flattened the blond New Jersey slugger by five strokes in a 36 hole contest that was never in doubt after the first dozen holes had been played. Sarazen negotiated the double round in 71-73-144, even par, while Wood carded a 75-74-149.

After gaining a four stroke lead in the morning play over a rain drenched course in semi-freezing temperature, Sarazen doubled his margin on the outgoing nine this afternoon. Wood staged a belated rally, with six soles to go. He bagged two birdies and trimmed three strokes off Gene's lead by coming back in 34, two under par.

Sarazen's triumph, his first in major competition in two years, was the result of one of the most flawless exhibitions of shot-making ever witnessed. His golf was so consistently perfect it was monotonous. There were no real thrills as he carded only three birdies, went over par on three other holes and equalled par on the remaining 30.

From the 11th to the 34th hole, inclusive, Sarazen posted a streak of 24 consecutive pars, convincing evidence that it would have taken some superhuman measures to halt the stocky sharp-shooter's return to the golfing vanguard.

Sarazen's playoff victory was the climax of an astonishing comeback.

His chances looked hopeless yesterday until he suddenly pulled off one of the most amazing shots in golf by sinking a 220 yard spoon wallop for a "double eagle" deuce on the 455 yard, par-five 15th hole. This put him in a bitten cold-blooded pay-off match for the top prize of \$1,500 in the Augusta national golf club's second annual invitation tournament.

It was a bitter setback for the blond Jersey star who has so often had the door to opportunity slammed in his face. Wood was runnerup to Horton Smith in last year's Augusta tournament. He collected the place money, \$800, for the second straight year and in addition received a check for \$500 from Alfred S. Bourne, New York sportsman, who drew Wood in the tournament's "Calcutta pool."

Sarazen clinched the play-off honors by the accuracy of his game. He declared afterward he had rarely hit the ball as well as he did all day, adding that his golf throughout the tournament was the best he had produced since he won the British and American open championships with marvelous scores in 1932. His putter, center-shafted blade resembling the old Schenectady implement, played the decisive part in his triumph, however.

Where Sarazen had only two three-put greens out of 36 and was seven under regulation figures altogether in his putting work, Wood was erratic and repeatedly tossed away chance to cut down Gene's early margin by putting weakly.

This was Sarazen's first appearance in the tournament. His six rounds were 68-71-73-70-71 and 73.

NEED FIRST SACKER

Columbia, S. C., April 8.—(P)—With Johnny Mize suffering from a leg infection, and only seven days remaining in which to conclude or call off his purchase from St. Louis, Manager Charlie Dressen hunted a first baseman for the Cincinnati Reds today.

While the Reds were idle because of cold and wet weather, Dressen considered shifting Tony Piet to first base should Mize be unavailable on opening day.

DEAN VS. NEWSOM

St. Louis, April 8.—(P)—Dizzy Dean is to pitch for the Cardinals and Buck Newsom for the Browns when- ever the weather permits the two teams to resume their spring series for the city's baseball championship.

Managers Frisch and Hornsby both ordered workouts for today, but the field was too wet and the players received another day's rest. The next meeting was scheduled for tomorrow.

Farmers Wage War On 'Public Enemies'

Rats are Menace to Chickens.
Destroy Feed; Poison
Bait Gets Them

Rats rate as public enemy No. 1 on the farm at this season of the year.

Clean Out Kidney Poisons

Wa & Out Your 15 Miles of Kidney Tubes

If kidneys don't pass 3 pints a day and get rid of more than 3 pounds of waste matter, the 15 miles of kidney tubes and filters may become clogged with poisonous waste and the danger of acid poisoning is greatly increased. Bladder passages are difficult, which often smart and burn like scalding water and cause discomfort.

This acid condition, brought about by poor kidney functions is a danger signal and may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swollen feet and ankles, rheumatic pains and dizziness.

Most people watch their bowels which contain only 27 feet of intestines but neglect the kidneys which contain 15 miles of tiny tubes and filters. If these tubes or filters become clogged with poisons, it may knock you out and lay you up for many months. Don't run any risk. Make sure your kidneys empty 3 pints a day.

Ask your druggist for DOAN'S PILLS, an old prescription, which has been used successfully by millions of kidney sufferers for over 40 years. © 1934, Foster-Milburn Co.

year, for they not only kill thousands of baby chickens but also destroy feed and other property, according to G. C. Oederkirk, of the U. S. Biological Survey. He is cooperating on rodent control in this state with the State Natural History Survey and the College of Agriculture, University of Illinois.

Powdered red squill is the best poison for fighting rats, since it is deadly to them but comparatively harmless to domestic animals and humans. The squill should be mixed with some bait such as canned salmon, hamburger or a mixture of moistened rolled oats and corn. One part of poison to 16 parts bait by weight is the correct proportion. The different baits should be put out in teaspoonful quantities so that the rats may enjoy their preference.

Even though red squill is comparatively harmless to domestic animals, care should be taken to prevent chickens, cats or dogs from eating large quantities of the poisoned bait. Calcium cyanide fumigant is another rat exterminator which may be used successfully, especially in burrows, under concrete floors and other places where the gas can be confined. It should be applied with a foot pump duster made especially for the purpose. The operator should avoid breathing the poisonous fumes.

Other steps which will help rid the premises of rats include burning of rubbish and piling lumber and boxes so that there is a space underneath. Cooperative community rat campaigns during which poison is distributed all over the community at the same time are also effective.

W.M. Cory of Kane Dies Sunday Night

Aged Greene County Man
Passes Away; Funeral
to Be Wednesday

Carrollton.—William M. Cory, 81, died at his home in Kane at 8 o'clock Sunday night after being in failing health for several years. He was confined to his bed for three days. He was born in Macoupin county Oct. 26, 1854, a son of Mr. and Mrs. O. P. Cory. He was brought to Greene county by his parents when a small boy.

He was married April 8, 1896, to Miss Toinette Witte, who survives him. He is survived also by four children, Miss Louise Cory, a teacher in the Carrollton schools, George and Perry Cory at home, and Mrs. Elden Grizzle of Jersey county, and also by three grandchildren.

He leaves four sisters, Mrs. F. E. Peller of Alton, Mrs. George Carstenn and Miss Rose Cory, both of Wood River, and Mrs. Lily Thompkins of Chicago.

Funeral services will be held at 11 o'clock Wednesday morning from the M. E. church in Kane, in charge of Rev. O. R. Bueff, with interment in Jalappa cemetery.

Hi-yah, Fellers! Here's New Rage: Six-Hour Race for 'Champeenship'

Here they come in a jam at the turn, lead-off boys in what promises to become a national craze for puff-an-pedal youngsters—the "six-hour" bike race. Imitating the "Torchy" Pedens and "Reggie" McNamara of six-day bike fame, these youngsters of East Cleveland O. had the cops holding back crowds and traffic before seven teams in relays, around through a six-hour race around a vacant block for the suburban "champeenship." Below a rider resting under his blankets in a pup-tent pit is handed a stiff snort of water by his devoted trainer.

Grace Church Doings

The women were in the foreground of the program of activities on Sunday. At the morning service the Annual Thank offering address was given by Mrs. Marguerite Harmon Bro., a very successful missionary in China. The type of the address was different, attracting and interesting the audience in a very impressive manner.

In the evening service Miss Betty Weekland of Cleveland, Ohio, an eighteen year old evangelist, occupied the pulpit. Her message was directed to Christians and was a very helpful and stimulating presentation.

The Weekland family consisting of her father and mother, a sister Dorothy and Miss Betty are on a good tour in the central states for one month.

Missionary Sunday was observed in the Sunday school. Dr. L. K. Hallcock presented a reading in the interest of the cause. The unfavorable weather reduced the usual attendance, there being 297 present with a Missionary offering of \$12.04. Miss Winona Cocking favored the school with a vocal number.

The Young Peoples' Epworth League held a social hour at 5:30, followed by a devotional period at 6:30 under the leadership of Miss Marie Yeager. The High School Epworth League met at 6:30 with Miss Margaret Smith as the leader.

The World Service Auxiliary meets on Monday afternoon at the home of Mrs. L. K. Gilchrist, 214 Westminster street. The regular monthly meeting of the Official Board will be held Monday evening at the church.

On Tuesday at 2:30, the Woman's Home Missionary Society will meet at the parsonage, 830 West College avenue.

The Pastor's Aid will sew on Wednesday, holding a pot-luck luncheon at noon followed by a business session in the afternoon.

On Wednesday evening the last of the Church Night services will be held. These series of services this year have been the most largely attended and most successful ever promoted by Grace church. It is especially desirable that those who are to be received into the church on Palm Sunday be present at this service.

The morning service next Sunday should be one of the outstanding days in the history of Grace church, as at this service a large company of new members will be received on confession and transfer of membership.

State University Scholarships Go to Illinois Students

Robt. Thrall, Deatherage and Stallman Provided with Graduate Awards

Urbana, Ill. —(AP)— Seventy fellowships and scholarships have been awarded by the University of Illinois Graduate School. Dean Robert P. Carmichael announced Monday, and will be available to students next fall. Of the awards, 33 are fellowships and 37 scholarships.

Fellowship winners include Robert H. Thrall, formerly of this city, who has been awarded a fellowship in the field of Mathematics. Mr. Thrall is now a student at the university. He is a graduate of Illinois College with the class of 1934. He is the son of Rev. C. H. Thrall, former pastor of Centenary M. E. church.

Among the scholarship winners are two members of the senior class of Illinois College, Fred E. Deatherage, of this city, and Frederick W. Stallman, of Staunton. Deatherage has received a scholarship in Chemistry and Stallman one in Natural Philosophy or Physics. Both students expect to take full advantage of the awards and attend the University Graduate School during the 1935-36 term.

10 Rail Workers Killed In Crash

Sacramento, April 8.—(P)—At least 10 Southern Pacific section crew workers were killed and two were injured when a train crashed into a motor railway car 15 miles north of Roseville, Calif., tonight. The crew was repairing tracks damaged by the Sacramento river flood.

The accident occurred on the Roseville-Marysville branch, and because of the isolated character of the section details were meager.

Several of the men were reported to have been thrown as far as 60 feet when a locomotive and seven cars of gravel crashed into the motor rail car.

Chicago After Relief Money

Chicago, April 8.—(P)—Mayor Edward J. Kelly, appearing before the city council for the first time since his trip to Washington in connection with work relief projects, told the body today that federal authorities had led him to "expect a free grant of 150 million dollars" for Chicago.

Withholding definite plans until Washington acts, the mayor said he expected to be able to go ahead with a filtration plant, a permanent lake front fair and city utility and street repairs.

Part of the federal gift, Kelly declared, will be used for providing free recreation and amusement facilities this summer.

SCIENCE WILL BID FOR BRAINS OF THREE MEN

Chicago, April 8.—(P)—Science today made a bid for the brains of the three men sentenced to die for murder in connection with the attempted robbery of the Leonard, Ill. State Bank.

The men are John Hauff of Chicago, who today was granted a stay of execution until May 10, and Fred Gerner and Arthur Thielien of Rockford, under sentence to die Thursday in the electric chair at Joliet prison.

Paul Schroeder, state criminologist and psychiatrist called on prison authorities today and submitted a request for an autopsy examination after the executions in which the men's brains would be studied.

Permission of relatives must be obtained, the warden said. Dr. Schroeder set about seeking to fulfill this requirement.

TO HAVE OPPORTUNITY TO RATIFY ISSUES

J. W. Hanley manager of Swift and Company, Jacksonville, Ill., said Monday that more than fifty thousand shareholders of Swift & Company were informed today by G. F. Swift, President, that they will have an opportunity to ratify the \$43,000,000 issue of securities recently registered by the Securities and Exchange Commission, in Washington, at a Special Meeting of Shareholder to be held at the general offices of Swift & Company in Chicago on May 10 next.

The fifty thousand shareholders, scattered over the entire United States, are invited to attend the meeting in person but if unable to do so they are requested in time for them to be used for formal ratification of the new refinancing plan, at the meeting.

HOLD SERVICES AT ROODHOUSE

Roodhouse, April 8.—Very interesting services are being held at the Church of Christ each night during the week and on Sunday. These services are conducted by Rev. and Mrs. Chammes.

Services Sunday were as follows: Sunday school at 9:30. Special music was given by Chlois Garner accompanied by Virginia Bilger.

Church services at 10:45. The subject of the sermon was "He is the Counselor."

Junior and Senior Endeavor at 6:30. The leader was John Severs. A very impressive talk on the "Conservation of Jesus" was given by Mrs. H. W. Smith. A duet, "Jesus Gave It All," was sung by Mr. and Mrs. Chammes.

Evening service at 7:30. The subject was "Good's Thoughts."

A group of musical numbers were given by Rev. Chammes, Charles Fugger, Harold Bass and Fred Battershell.

WILL CALL STRIKE

Pittsburg, April 8.—(P)—William J. Spang, ousted "rank and file" leader of the Amalgamated Association of Iron, Steel and Tin Workers, announced tonight his group will meet April 23 and call a nationwide steel strike.

Remaining Assets of Ayers Bank Estimated to be Worth \$785,000

An estimate of value of the remaining assets of the Ayers National bank, under receivership since Nov. 21, 1932, is contained in the quarterly statement of the receiver which was made public Monday. The estimated value of total remaining assets is \$785,000.

Of this amount, if realized through the process of liquidation, the sum of \$317,200 must be repaid to the Reconstruction Finance Corporation for previous loans.

The statement of Receiver Nelson H. Greene shows that the gross collections during the quarter were \$161,000, and the net collections \$130,170.78. The sum of \$7,749.07 was expended for the protection of assets in taxes and other expenses.

The statement shows that the income from the bank's assets has exceeded the cost of the receivership thus far with a surplus of \$13,133.15. Since the bank closed more than two years ago the depositors have realized 20 per cent in two dividends of 10 per cent each. In releasing the quarterly statement Mr. Greene did not comment on the figures, but said the collections for the last three months were considered satisfactory.

The statement of the receiver follows:

Hamilton Fish Assails F. D. R.

Springfield, Ill., April 8.—(P)—Rep. Hamilton Fish, Jr., (R-N.Y.) assailed President Roosevelt tonight at a republican rally attended by the young G.O.P. organization and party house members, charging the president with "retarding recovery and prolonging the depression."

"I charge President Roosevelt," Fish said, "with having destroyed business confidence, squandered American resources and with impairing the recovery and prolonging the depression."

"I accuse him of having imposed unsound, unworkable and socialist measures upon the nation that have increased the cost of living x x and increased unemployment."

The New Yorker adjured "the republican party to quit shadow boxing" and "build a strong bridge on the constitution to cross over and out the new dealers" in the next election.

Literberry

Literberry, April 8.—There will be no meeting of the Clio Aid society this week.

Ivan Gray returned home on Monday from a motor trip to Pulaski, Tenn. Mr. Gray accompanied by Orris Gray of Jacksonville and Lloyd Seeley of White Hall left last Thursday to attend a sale of show horses held at the Milky Way Farm on Saturday. They went by way of Indiana and were forced to detour a number of miles on account of the high water.

Misses Catherine and Hilda Rexroat of Jacksonville spent Saturday and Sunday with their parents, Mr. and Mrs. Ed. Rexroat.

Miss Anna Mae Stice, senior in the Ashland high school, spent the week-end at her home here.

Miss Annabell Crum of Jacksonville was a guest of Mrs. Albert Crum over the week-end.

William and Russell Dunlap spent Sunday with Mr. and Mrs. G. A. Dunlap.

Mrs. Mildred Stillflew and family of Jacksonville visited Mr. and Mrs. C. A. Beavers on Sunday.

Mr. and Mrs. James Dunlap of Jacksonville were Sunday afternoon callers at the home of Mr. and Mrs. G. A. Dunlap.

Mrs. Con Lonergan received word Monday morning of the serious illness of her brother, Johnson Sheppard, of Jacksonville.

There is very little change in the condition of Mrs. Newton Brainer.

John G. Robinson Critically Ill

Miami, Fla., April 8.—(P)—John G. Robinson, third of the circus line that plastered 24 sheets of "John Robinson's ten big shows combined" over the United States for 100 years, was critically ill tonight.

His son, John G. Robinson, Jr., Cincinnati attorney, said little hope was held out for recovery of the 62-year-old big top veteran, suffering from a malignant throat growth that has left him speechless and in great pain.

Robinson disposed of his interest in the circus in 1916. He is secretary of the American playing card company of Cincinnati.

GRANTED STAY
Ottawa, Ill., April 8.—(P)—John Hauff, Chicago, under sentence to die April 11 for the murder of J. Charles Bundy, Leonard Bank cashier today was granted a stay of execution to May 10 by Judge Robert E. Larkin in circuit court.

The stay was ordered so that Hauff, who pleaded guilty, could take his case to the state supreme court.

Also under sentence of death are Arthur Thielien and Fred Gerner, who were convicted of Bundy's murder. Bundy was one of four persons who died in gun battles which followed an attempt to rob the Leonard bank. One of the victims was a fourth bandit, who killed himself.

WHISKEY SUPPLY
Washington, April 8.—(P)—America started 1935 with less than 2,150,000 gallons of unsold, four-year old whiskey, though millions of gallons were stored for aging during 1934.

Sworn statements to the alcohol control administration on 1934 production showed stocks in the hands of distillers increased 65,000,000 gallons to 99,116,437 gallons during the year.

Whisky production amounted to 108,051,325 gallons with more than 60,000,000 of this in the distillers' custody at the end of the year for aging.

RACE ZEPPELIN
Paris, April 8.—(P)—Racing Germany's Graf Zeppelin, across the South Atlantic, the French mail plane Santos Dumont left Dakar, West Africa, early today with a load of Paris mail for South America.

The Graf Zeppelin, which left Friedrichshafen Saturday evening, was somewhere in the vicinity of the Canary Islands, proceeding to Rio de Janeiro, where it was scheduled to arrive Tuesday evening.

ARREST SUSPECTS
Chicago, April 8.—(P)—Detective headquarters tonight announced the seizure of three men for questioning in connection with a \$30,000 robbery Oct. 27 at the plant of the W. A. Sheaffer Pen Company in Fort Madison, Ia.

The men identified themselves as Al Lewis, Charles Boldan and Jack Rothbaums. The trio was in custody tonight as police awaited the arrival tomorrow of Fort Madison authorities.

KIDNAPER SENTENCED
Evansville, Ind., April 8.—(P)—Joseph Edward Perdue, 22, of Morganfield, Ky., was convicted today in federal court in connection with the kidnapping of Mr. and Mrs. Morgan B. Hammack of Morganfield, and was sentenced to serve fifteen years in prison.

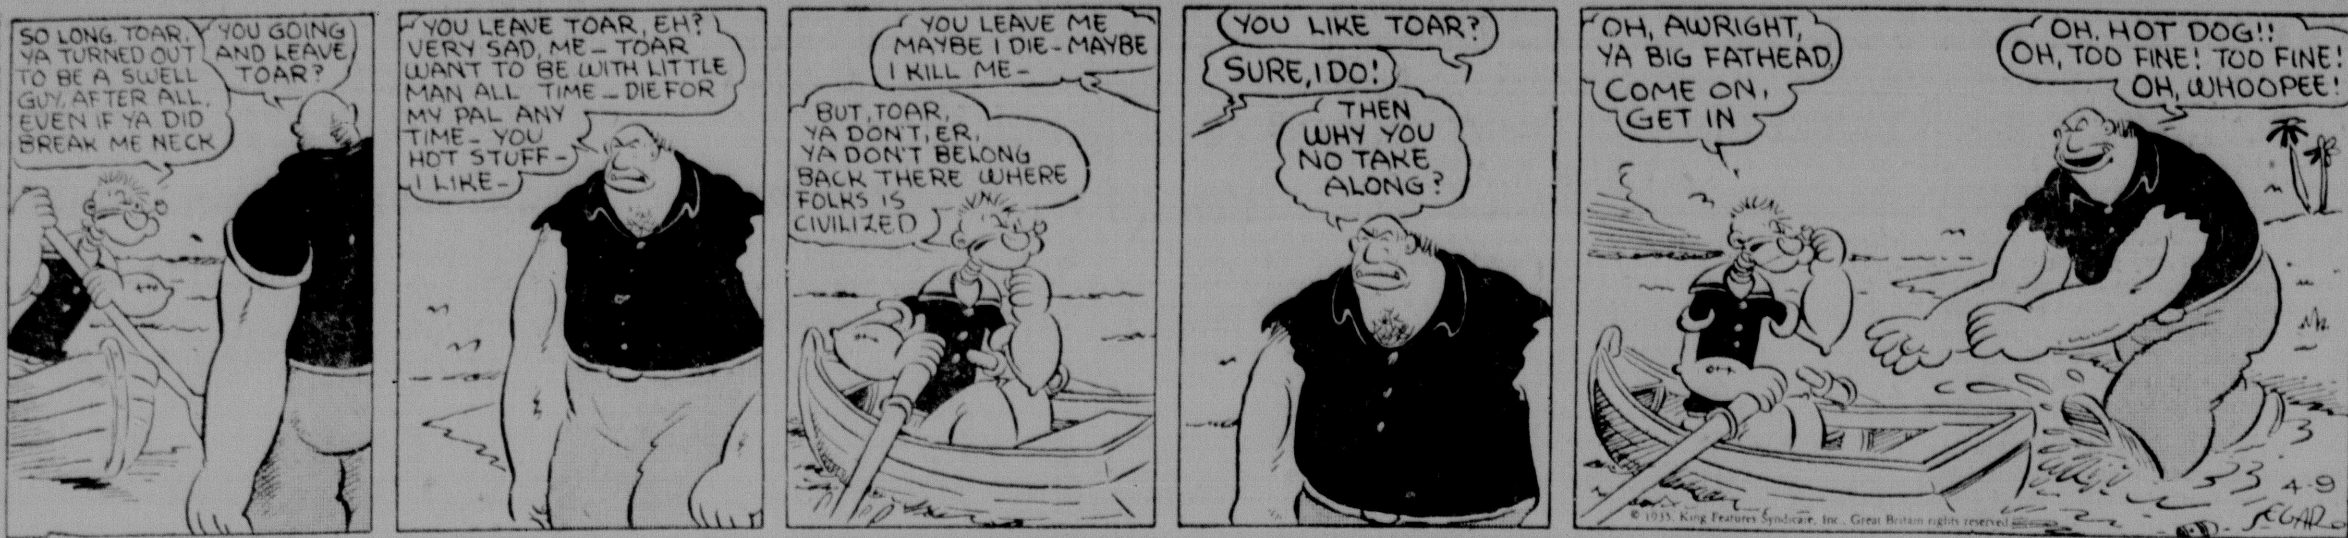

Perdue was tried under the Lindbergh law. He was alleged to have kidnapped Mr. and Mrs. Hammack from in front of their home in Morganfield several months ago and forced them to drive him to Evansville.

SEARCH FOR BOY
Chicago, April 8.—(P)—Led by a harrassed father and a weeping mother, the search went forward tonight for Richard Max Perrot, 4, missing for four days. He was last seen with a stranger described

There's Room for "New" Homes Like This in Morgan County

Believe it or not the pictures here are of the same home. The illustration on the right shows a nondescript and uninteresting cottage. There are thousands of homes like this—some of them in Morgan county.

Tearing away the porch, re-shaping the roof a bit, a new bathroom and other interior changes resulted in a most attractive home of the newest type. Terracing and landscaping added their bit. Inside, the house was made a model of efficiency and convenience. Use the coupon below and take advantage of this free service. Harry Hopkins Gets Attention of G.O.P. Speakers in Capital

Vandenberg and Snell Give Man Expected to Head Relief Verbal Jolt

Washington—(AP)—The capital, looking for President Roosevelt to return from his fisherman's vacation tomorrow to start the \$4,880,000,000 work relief drive, heard Republican attacks today against the man generally expected to be a chief assistant to the president in the huge enterprise.

Harry L. Hopkins, the relief administrator, a frequent White House visitor while the job-making program was in the making, drew criticism from two leaders of the G.O.P.

"It is extremely fortunate for Mr. Hopkins that, if he is going to be the high distributor of the money, the bill is so drawn that he won't have to be confirmed by the senate," said Senator Vandenberg (R., Mich.). Vandenberg has been mentioned as a possible presidential nominee in 1936.

Rep. Snell of New York, the Republican leader in the house, declared it was "a sad commentary that a man like Hopkins, who had termed critics of work relief methods 'damn dumb,' should appear to be in line to be clothed with extraordinary grants of power over the greatest sum of money ever appropriated."

Heading back toward Washington after a ten-day fishing trip off the Florida coast, Mr. Roosevelt expected to land at Jacksonville at noon today and there receive the work relief bill which congress completed Friday after more than two months of controversy and delay.

Social Security is Delayed by Group

Decision on What to Do with Measure is Deferred

Washington—(AP)—A final decision in the house deadlock over what to do about the administration's social security bill was deferred again today until tomorrow.

Ways and means committee members had been scheduled to ask the rules committee for a "gag" rule permitting only committee amendments when the bill comes up on the floor. But their appearance was postponed until tomorrow, forecasting delay until Thursday of initial debate on the social security bill.

Ways and means committeemen want the "gag rule" while Speaker Burns and other Democratic leaders oppose it because of doubt as to whether the house would accept it.

Comb Swamp for 6 Escaped Convicts

Negroes Break Away from South Carolina Farm

Camden, S. C. — (AP) — National guardsmen and a posse of several hundred persons combed the dense Wateree River swamp district today for six armed negro convicts who wounded one guard and overpowered two others in escaping from the state prison farm near here.

Gilbert Mahaffey, 28-year old guard, was seriously wounded in a gun battle during which he shot three fleeing convicts, one of them fatally, as they broke from Desaussure camp shortly after noon yesterday.

Officers said the six convicts disappeared into the mile-deep swamp along the river armed with rifles stolen from the prison office.

SEVEN KILLED, EIGHT HURT IN WRECK AT FRENCH RACE TRACK

Chateau-Thierry, France—(AP)—A racing automobile hurtled into a crowd of spectators here yesterday, killing seven and injuring 18.

The driver, a man named Cattaneo, was only a few seconds behind the leader in a road race when the sudden application of his brakes caused his speeding machine to leap from the road.

Cattaneo was not hurt.

RECALL FIRST BASEMAN

Columbia, S.C.—Recall of Frank McCormick from the Toronto Club loomed as a possibility today as the Cincinnati Reds prepared to meet the Detroit Tigers. McCormick would replace Johnny Mize—\$55,000 rookie first baseman—who, unless doctors today say otherwise, may be laid up for some time by a leg injury. The Reds were rained out yesterday at Charlotte, N.C.

BUS DRIVER KILLED

Vandalia—(AP)—Eldon B. Mather, 31, St. Louis bus driver, was killed and a woman passenger was injured when a Greyhound bus en route from Indianapolis overturned on Highway No. 40, four miles west of here. The driver's chest was crushed when he was pinned beneath the truck. Miss Clara Wiggs, 35, St. Louis, suffered a broken collar bone.

Mrs. Lee Cox of Woodson was shopping here Monday afternoon.

Corn Thieves Abandon Car After Chase; One Admits Wemple Crime

Nabbed by officers after a chase through two counties, Floyd Howard, 40 year old Pittsfield man, is reported to have confessed Sunday a series of corn thefts, one of them having been committed in Morgan county. Howard, according to officers, admitted that he took nearly 50 bushels of corn from the Edward Wemple farm east of Waverly a month ago.

Sheriffs of three counties converged in Pittsfield Sunday to question the prisoner, whose companion during a wild chase through Cass and Mason counties has not been apprehended. Sheriff Kenneth Woods of this city went to Pittsfield and talked to Howard.

The sheriff said the prisoner told him in detail how the Waverly corn was taken.

Enroute to Virden to get a truck load of coal, Howard said he spotted the crib on the Wemple farm and decided to visit it later. This he did, according to his confession, sacking up the corn and carrying small quantities to the truck some distance away. He said he sold the corn for \$1 per bushel.

Cass Deputies Open Fire

Cass county deputies engaged in a long chase Saturday night that eventually led to the arrest of the Pittsfield man. After trailing a truck

and car through Cass and Mason counties the deputies opened fire on the occupants. The truck and car were abandoned, and were confiscated by the officers.

Checking the license, it was found that the vehicles were from the Pittsfield vicinity. Howard was picked up at his home Sunday and subjected to questioning. He admitted stealing corn in Morgan, Cass and Mason counties, authorities reported.

His companion on the trip to Mason county is still at large, but his arrest is expected soon. The truck is owned by the missing Pittsfield man.

Edward Wemple came here from Waverly Monday to discuss the matter with the sheriff and state's attorney. He said he will obtain a warrant charging Howard with larceny, if charges are not brought in some other county.

SEEK LOWER CITY RATES ON INSURANCE

Council Adopts Ordinance For Reduction; Read Firemen Measure

First reading of an ordinance designed to bring about lower fire insurance rates, was the feature of the regular meeting of the city council last night in the council chambers. The council also passed a resolution accepting the settlement of the suit against the Ayes National bank in which the city obtained offsets and cash amounting to \$108,849.83.

The meeting, one of the most quiet conducted during the present administration, was over in a half hour. The ordinance requiring examination of firemen before their appointment to the force, was given its first reading and paid over until the next regular meeting, and there was no discussion about the Ayes National bank resolution, the council previously having informally authorized the settlement.

Under the proposed ordinance, firemen seeking positions on the city fire department will be required to fill out an examination blank, under oath, stating in general the health of the applicant, positions held during the last five years, and the names of three persons as references. These applications are made to the mayor, who in turn orders the applicant to obtain a physical examination, and who asks two of the three persons given as references to fill out vouchers.

No person under five feet eight inches tall, or weighing less than 160 pounds will be allowed to hold a position on the force if the ordinance is adopted. The chief of the fire department will determine which men have passed the examinations, and in case of a dispute, the person may carry his dispute to the fire committee, of which the mayor in an ex-officio member.

The resolution approving the settlement of the city's case against the Ayes National Bank was requested by the controller of the currency. The resolution stated the details of the settlement, in which the city was allowed an off-set of \$70,416.67, due on special assessment bonds held by the bank, and \$38,433.26, money held by the bank belonging to the city.

Only two other items of business came before the council. That was a report of the state department of health that the water being pumped into the city water mains was safe to drink. The other was a report by Joe Gomez, superintendent of the highway department, to the effect that the holes in the street on East College avenue had been repaired. Gomez made his report after being requested to determine the number of holes drilled in the pavement by the Illinois Power and Light Corporation. His report failed to include the number of holes.

FILE TWO SUITS IN CIRCUIT COURT

Two suits were filed in circuit court yesterday. One suit was filed by Leon M. Weinberg against Edward W. Goldstein, the plaintiff alleging damages amounting to \$100 due him as salary.

According to the complaint Weinberg alleges that he entered into an agreement with the defendant to manage a department of the Goldstein store. The plaintiff claims he was discharged March 21, 1935 and seeks \$100 damages as salary said to have accrued since that time.

Elizabeth Sheehan filed suit against Mamie DeCastro, et al. to foreclose a mortgage. An original indebtedness of \$2,500 is alleged the property involved being the northwest quarter, etc., of 29-15-10.

PLAN PUBLIC DEBATE HERE

Jacksonville High School Team To Meet Lincoln Debaters Thursday

The Jacksonville High School debate team will have its first public debate of the season this Thursday afternoon when the debaters from Lincoln High School will meet the Crimson speakers in the local school auditorium. The Jacksonville affirmative will meet the negative of Lincoln in a full debate on the year's subject, "Resolved: That the United States should adopt the policy of equalizing educational opportunity throughout the nation by means of annual grants to the several states for the purpose of public elementary and secondary education." The J.H.S. coach, Harold Gibson, will put Jane Dunlap, Mary Butler and Bill Clark against the Lincoln debaters, who are coached by Miss Catherine C. Turner. The meet will begin at 2:00 o'clock and a decision will be given.

The judge has not as yet been announced. Jacksonville and Lincoln have met on several former occasions. Earlier this year in the MacMurray College Invitational tournament, the girls' teams from the two schools met in a debate. No decision was given as to the winner of that particular contest. Last year the regular varieties from each school were paired in two pre-season non-decisional debates. The most recent contest between these two schools at which a decision was rendered took place two years ago in the local high school assembly where the Crimson won by a close margin.

A large crowd of high school students and teachers are expected to attend Thursday's meet, but any outsider who wishes may also hear the debate. Tickets may be obtained from any member of the squad or at the high school office.

REPUBLICAN VETS ENDORSE CITY TICKET

Organization Meeting Of Former Service Men Is Held Here Last Night

With more than 60 men present, the Republican Ex-Service Men's League held an enthusiastic meeting last night at the Peacock Inn and voted unanimous endorsement of the entire municipal Republican ticket for election at the polls Tuesday, April 16.

Basil Sorrells was elected to the position of City League chairman. Chairman Sorrells then took charge and announced that the first move would be to select the precinct workers for the ex-service men. In speaking in behalf of the Republican candidates he said:

"We have a ticket in the field that is good from top to bottom. It is up to you to go out and help elect every candidate. We can endorse every one on the ticket wholeheartedly and we know they will give the City of Jacksonville the kind of administration it needs."

"Speaking for Fletcher Blackburn, I can say that he has been tried in public office and has stood the test. He served us four years as sheriff and he proved his worth. He will make this city a good mayor."

Others who spoke in behalf of the Republican ticket included F. A. Robinson, Capt. Wesley James and Reaugh Jennings. Secretary Henderson called the roll of the precincts and workers were selected to get out the vote and man the polls on election day. The following who attended the meeting were named in their respective precincts:

1—Walter Brown, Raymond Stewart, Tom McGraw, George Vieira. 2—Arthur UpDeGrass, Leo Lockman, L. W. Fernandes, Everett Mann. 3—John Green, Wm. Hundley. 4—Joe Darush, Charles Reinhardt, F. A. DR. CARL E. BLACK WRITES BOOK ON SURGICAL NAMES

Reduces Terms Used in Surgery Operations From 5,313 to 742; Association Has Volume Printed.

Members of the Western Surgical Association in Jacksonville have just received copies of a new book written by Dr. Carl E. Black of this city on "Names of Surgical Operations," in which 3313 names are taken from a late edition of a leading medical dictionary and eliminations of unnecessary names has been made until the number is reduced to 742 as ample to describe any surgical procedure.

The Western Surgical Association had the book printed and sent gratis to all its members, to one hundred and fifty medical libraries and to over fifty leading medical journals in the United States, Canada and England.

An unusual and interesting feature of this book twelve "forewords" of endorsement by the best known American surgeons from Boston to San Francisco and from Rochester, Minnesota, to New Orleans. The book is designed to assist general surgeons and specialists to eliminate the great mass of unnecessary and long hyphenated word which now encumber surgical literature and surgical teaching.

WARDSMEETS HELD MONDAY

Carl E. Robinson Speaks For Fletcher Blackburn Last Night

Carl E. Robinson addressed two "Blackburn for Mayor" meetings in the second and fourth wards last night. Both meetings were largely attended. Robert Keating, Miss Gertie Hamilton, W. H. Cocking, Ben Denny, William W. Wright and George Brown, Republican candidates also spoke at these meetings.

Mr. Robinson's address in part follows:

"It is a pleasure to me to recommend the candidacy of Mr. Blackburn to the favorable consideration of my friends. I have known him personally for many years and I have been impressed by the faithfulness with which he executed the duties of a public office. Mr. Blackburn is not an untried public official. He served the people of Morgan county as their sheriff and the difficulties of performing properly the duties of that office are varied and many. I often came in contact with that office during the time that Mr. Blackburn was sheriff. I never had ground for any complaint. He was always courteous and at the same time was always efficient. I believe that no man has performed the duties of that office in a more satisfactory manner than Mr. Blackburn."

"Moreover Mr. Blackburn has shown the people of our city and county that he can be trusted to perform official duties in a conscientious manner. He has honesty and integrity in the discharge of the duties of a public officer. There are those who feel that when a man is elected to public office he should be a little more loose in moral principles and a little more lax in discharging his duties than if he were privately employed. Mr. Blackburn has never taken that view. I am sure that he was as conscientious in discharging his duties while a business official as he was or as any man could be in the discharge of duties while privately employed."

"Being mayor of a city like Jacksonville brings to that official many heavy duties. I am confident that Mr. Blackburn, if elected, will discharge those duties in a manner entirely satisfactory to the people of our city."

Ladies interested in the Republican ticket have arranged the following teas during the week:

Tuesday, 2:30 p. m., at the home of Mrs. Jennie Simms, 839 Doolin ave.

Wednesday, 2:30 p. m., at home of Mrs. Philip Schultz, 916 East College avenue.

Thursday, 2:30 p. m., at home of Mrs. W. H. Cocking, 876 W. State St.

Friday, 2:30 p. m., at home of Mrs. Dorothy Alexander, 857 W. State St.

All ladies interested in the Republican candidates are invited to attend.

FARM BUREAU BOARD MEETS

Announce Plans For Series Of Livestock Meetings This Week

The regular board meeting of the Morgan County Farm Bureau was held Monday. Frank Flynn presided at the meeting and Wallace Hemmrich acted as secretary.

During the afternoon talks were made by David R. Reynolds on "Organization," L. T. Oxley on "Insurance," C. H. Jewsbury on "Oil" and W. J. Casler, county superintendent of highways on "Work Relief Projects."

ST. LOUIS GROUP AT WINCHESTER

Burlington Zephyr Brings Business Men to Scott; Other News Notes

Winchester, April 8.—The new Burlington Zephyr arrived in Winchester at 9:40 o'clock this morning with 86 members of the Sales Manager's department of the St. Louis Chamber of Commerce and Colonel Seymour's military band. The group is making a two day tour in the interests of goodwill for the city of St. Louis.

Several hundred people from this community greeted the visitors upon their arrival in the city and they were officially welcomed by a committee from the local Kiwanis club, consisting of S. G. Smith, H. H. Allen and Guy Paul, and H. W. Leib, mayor of the city. Cars were arranged by the committee in charge to transport the visitors to the business section and the band rode in a large truck. The group visited the various stores of the town during their brief stay in the city. There were representatives here from most of the wholesale concerns in St. Louis with whom merchants in Winchester have business dealings. The band gave a concert in the public square.

While the visitors were making calls on the business houses an opportunity was afforded the people of this community to inspect the latest type streamline train and there were a total of 665 people who passed through the train during its stay here. Both the grade school and the high school was dismissed for the occasion. The new Zephyr is a Diesel-electric driven train of the articulated type of construction, with a parlor car, a coach and a baggage car and engine combined, all of flashing stainless steel. The train was scheduled to leave Winchester at 10:05, but was delayed until 10:20 and even then two of the delegation arrived at the depot after their train had departed. They were taken by automobile to Beardstown by Miss Nellie Lashmet, Mrs. B. F. Walker, Mrs. Ralph Peak and Miss Margaret Walker, where they joined their group.
